Standard News

Football Meeting

Carseland Center-shots

Heavy showers of rain in many districts in the Province have consequently improved the conditions of the new crop, and the outlook is much brighter in consequence than at the date of the last report.

The rains were fairly general in the past fortnight has varied from a quarter of an inch to more than an inch in some of the more central and northern districts. The south-eastern section of the province, which had commenced to feel the lack of moisture, reports some very satisfactory showers, though not over a wide area. The early-sown grain is not suffering, but some of the late-sown grain in the drier districts has not germinated well.

New wheat is from four to ten inches in height, and seeding of oats and barley is nearing completion. There has been considerable delay in the seeding of oats for green food, and much of this is yet to be done. Seeding of corn is reported in many districts, and in some places this crop is now being sown in preference to sunflowers, not only in the southern districts, but in some of the central districts as well.

Irrigation is general in the south, and the alfalfa crop is showing strong growth.

Rather sharp frosts occurred in several districts about the 15th of the month, but very little damage resulted.

Pasturage is rather poor in south-eastern localities, but in the central and northern districts is better, and some districts report the outlook for the hay crop is the most promising in years.

Generally speaking, crop conditions may be said to be very satisfactory. In so localities is the growing grain suffering for lack of moisture and this fact is due largely to the splendid soil conditions at the beginning of the season, which may be said to have been the best in some years.

Grasshoppers have become numerous in several localities, both south and north, but the Department is meeting the situation with the organization which proved so effective during the past two seasons. Caretakers are also giving trouble in a few places.

Ditching Demonstration Friday, June 13 1924

A great many farmers are now considering the advisability of getting their irrigation ditches in shape, and would naturally be interested in the latest machinery that could be utilized for this work.

In order to demonstrate to farmers interested in this work, the Sawyer-Massey Co. Ltd. are going to put on a demonstration on the farm of J. A. Cassemyer, who lives about midway between Strathmore and Standard.

The machine being used will not only make a better job of ditching than any other style of ditcher used in the past, but will do the work economically. It can also be used for leveling fields and building private roads. Farmers who have used this machine for these purposes, all claim that it is the best machine they ever used in that kind of work.

All farmers who have irrigated lands in the Strathmore, Standard, Baintree and Keoma districts should if possible arrange to attend this demonstration on Friday next. It will certainly be to their interest, and

A meeting of the Keoma Council was held in Irbita in the Secretary's office on May 28th, 1924 at 10 o'clock a.m. the following members being present, Reeve Scratch, and Councilors Messrs. McLean, Rankin, Luendiller Bates and Petro.

On motion the minutes of the last meeting were adopted as read.

Re Linden Road Diversion

Mr. Bates reported on the matter of above and stated that he was unable to compromise with Mr. Linden over the matter of diversion S half 2 27-24. On motion it was left with the Public Works Committee to go and look over the site and settle the matter.

Mr. Graham of the department of Public Works was present and outlined the policy of the government, and stated that he would receive \$176.00 to be spent on market roads.

The council decided that the money should be spent on the following roads:

1. Road leading south from Irbita to Mr. Stevens, 5 miles.
2. Road leading east from Nightingale to Mr. Stevens, 5 miles.
3. Road leading east from Nightingale to Mr. Stevens, 5 miles.
4. Road leading east from Nightingale to Mr. Stevens, 5 miles.
5. Road leading east from Nightingale to Mr. Stevens, 5 miles.
6. Road leading east from Nightingale to Mr. Stevens, 5 miles.
7. Road leading east from Nightingale to Mr. Stevens, 5 miles.
8. Road leading east from Nightingale to Mr. Stevens, 5 miles.
9. Road leading east from Nightingale to Mr. Stevens, 5 miles.

Mr. Ray Pool was present and presented a bill for ploughing on the S.E. of S.E. 25-24-24 for \$12.00, which had been approved by Wm. Ross, weed inspector. On motion it was agreed to pay same and charge against the land as weed tax.

A representative of the Western Steel Culvert was present and gave a talk on the construction and use of steel culverts.

Correspondence was read from the secretary of the Municipal District association in form of a resolution asking for the support of the council in making a surcharge of \$5.00 per year on all parties over 21 years resident 30 days in the district, who are not otherwise paying taxes.

Correspondence was read to the effect that a Provincial Road Grading demonstration would be held in Lacombe on June 16th and 17th. No person was nominated to attend.

Correspondence was read from the Regional Council, C.N.R., to the effect that the townsite of Loxley is to be cancelled. On motion the council approved and the secretary requested to advise them.

On motion the secretary was requested to write the Department of Agriculture for information in regard to the provincial roundup of stock, and for them to appoint a man in charge of Keoma Municipality.

The secretary was requested to write the C.N.R. and Department of Public Works in regard to asking for the replanning of the bridge between sections 2 and 22 25-24, and for a new bridge between sections 2 and 22 25-24.

Road Demonstration

The council were called together on May 30th to witness a road grading demonstration held near Irbita on the road between sections 15 and 16, 27-24. When Mr. Good of the Standard Grading company graded a mile of road with the new eight foot grader and demonstrated a 6 1/2 foot road machine. The grade made was a three foot road from ditch to ditch with a back slope. Many raters were in attendance, and it appears that the machine done quite satisfactory work under the conditions it was worked in as the ground was still quite wet from the previous day.

FRANK EWING, Sec.

A social and dance, under the auspices of the Nightingale Horticultural Society will be given in the Hall on Friday, June 12th. Good music, Admission 75c. Ladies bring refreshments.

Thursday next, June 12th, at 6:30 p.m., Carseland will play Strathmore on the local park grounds. This will be a good game.

A lecture-demonstration in sewing will be given in the Union Church on Friday, June 20, in the Memorial Hall, beginning 1 p.m. sharp, by Mrs. Strathmore of the Women's Bureau Service, under the auspices of Strathmore W. I. and U. W. A. Everybody welcome to this free demonstration.

A dance will be held under the auspices of Strathmore Baseball Club on Friday, June 20, in the Memorial Hall. Everybody come and meet the ball team.

Weather Report

9	62.0	35.0	

BUTCHERS TO CLOSE WEDNESDAY AFTERNOONS

Local butchers, the Strathmore Meat Market and Pioneer Meat Market, have made an agreement to close their stores for a Wednesday half-holiday commencing Wednesday, June 18, at 1 p.m., and will continue weekly until further notice. Customers are therefore asked to see that they have their meat orders filled before the stores close.

Virtuous By Contrast

The weather continues very cool, and strong winds blow nearly every day. We have had only very light showers of rain during the week, and while some fields of grain are showing rapid growth, others need rain very much. Garden stuff is away late, and grass has, so far this spring, made very little growth.

Mr. and Mrs. J. P. Hansen and family have moved from the rooms over Mr. Hansen's store to their new residence on Elmore Ave. Mr. Hansen has greatly improved this property this spring by an addition to the house, and by laying out the grounds to shrubbery and flower plots, so that he has now one of the most attractive residence properties in the village.

Miss Porter, who has been engaged at Mr. Williams' law office for several months left for Calgary on Thursday.

Quite a number from this district have indicated their intention to attend a number of Gleichen Chautauque performances. Advertising matter may be seen at any of the stores in the village, and a chance once the programme suggests to one that if every performance could be attended a very profitable and pleasant week would be spent.

Mr. Nels C. Nelson is driving a new Ford purchased from Chris Sorenson a few days ago.

Hans V. Jensen's draying business has been crowding him during the past week to such an extent that he has had to put on another team to overtake the work on hand.

Mr. L. C. Schoelling, who for the past six weeks has been superintending development work at the Mull's place, is now on his way to the Mull's place, and will continue weekly until further notice.

Rev. I. H. Kjoller is this week in attendance at the annual convention of the Lutheran Church, at Prement, Nebraska.

P. L. Watson has discarded the old two-horse team, and clips off the miles between his farm and town at the wheel of a new Dodge touring car.

With the completion of a new house, a new barn, and garage, Mr. Ed. Christensen has now one of the most improved farms in the South Valley district. Ed. has also a wonderful grove of trees, where, together with his newly painted buildings, completes one of the best beauty spots in our most favored district.

A car of select hogs was shipped to Calgary this week by the Standard Meat Market.

Football Meeting Thursday Evening

Strathmore Football Club have been asked to play Nightingale at the Nightingale Sports this year, so it has been necessary for Mr. Parker, president and captain, to call a meeting of the association, which will be held in the Town Hall, Strathmore, on Thursday, June 12th, at 8 p.m. to organize a team for this event. Mr. Parker wishes to emphasize the fact that this meeting is of the greatest importance to the club, and requests that all football players and officers in the district be on hand at 8 p.m. prompt.

RADIO ASSIS IMMIGRANTS

Radio has already proved a valuable help to the immigration authorities in placing immigrants on the land. The Winnipeg office recently wired information to Saskatoon concerning the arrival of farm laborers seeking work. This was broadcasted all over Saskatchewan, and within twenty-four hours applications for workers were pouring in to the authorities. The experience was such a decided success that it is probable the radio will be utilized extensively in the future in the placing of men on the farms. About five farmers in town, it is estimated, have radio receiving sets.

The wheel of a new Dodge touring car.

With the completion of a new house, a new barn, and garage, Mr. Ed. Christensen has now one of the most improved farms in the South Valley district. Ed. has also a wonderful grove of trees, where, together with his newly painted buildings, completes one of the best beauty spots in our most favored district.

A car of select hogs was shipped to Calgary this week by the Standard Meat Market.

Carseland Center-shots

Dr. L. G. Robinson, Dentist, of Strathmore, will visit Carseland every Wednesday until further notice. For further information see Mr. Laurie, - 116-4.

"Excuse!" But its hard on the goat.

The school board wish to remind the tax payers that the ten per cent. discount period for payment of school taxes does not expire until July 1st.

The P. B. Club picnic on the 2nd was a success all the way round. The gate receipts were nearly one hundred dollars, and the stands did very well. The net receipts of the picnic and dance were nearly two hundred dollars. The Carseland ball team were in good form and brought home the honors in all three games.

Watch for life announcement of the district of the U.P.A. and its aims.

The P. B. Club held its regular monthly meeting last week at Mrs. Ropp's, practically all the members being present. A number of visitors. The club appointed a committee to confer with the school board with a view to erecting swings, roller boards, etc., for the recreation of the school children. The committee was also to take up the matter of establishing a school clinic for the physical examination of the school children.

The Carseland and Langdon high school ball teams were again "all in" at the close of the nine inning game, with a score of 20-21 in Carseland's favor. The score keepers used up two pencils, and the boys are talking about it only in a whisper. We'll make it three dozen next time.

Mr. Drake is with us again, but doesn't look quite like work.

Mr. Lonsdale is to be with us another year. Mr. and Mrs. Lonsdale have endeavored themselves to many in the community, and their return was happy news to these.

Our friend from Baintree says such beautiful things about afternoon tea, and tells us of perfectly wonderful strawberry shortcake, that we had come to the conclusion that here at last here is at last an individual who really does appreciate good cooking when they come along and throw a monkey wrench in the machinery by sending in an essay on "hay wire and its uses."

There will be a U.P.A. meeting next Saturday evening, July 13th, at 8 p.m. Some very important business is to be decided upon, and a full attendance is very much desired.

The notices for tenders for van drivers for the school year, beginning the first of September, also for junior services, have been posted. Particulars of same may be obtained from the secretary or any of the trustees.

At a meeting of the school board last Saturday evening, the matter of purchasing a new van for use in the Strathmore district was discussed. Suggestions from any of the raters will be cheerfully received by the board.

Mr. and Mrs. G. Gibson and family took Sunday dinner with Mr. and Mrs. Frank Nash.

The ball game between Gleichen and the local team, which was to be played on Sunday, was called off on account of the rain. It was reported that Gleichen was coming up with blood in their eyes. We can only say that the local club intends to use them rough.

Mr. and Mrs. Hobbs spent the week end in Calgary.

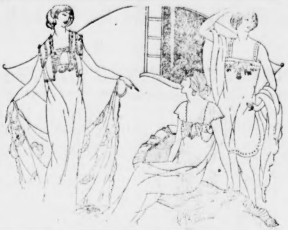

We wondered where all the dust was coming from last week, but when the Baintree Sidlights showed up the mystery was solved.

SPECIAL MEETING

A joint U.P.A. service will be held at the Carseland bridge on Sunday, June 16th at 2:30 p.m. Mr. Lonsdale will deliver the address. The English church choir will lead the hymns, also rendering special numbers. Let us make this U.P.A. Sunday a genuine old-fashioned rally day.

RAINS IMPROVE CROPS

The light rains of last week-end greatly relieved the country, which was commencing to feel the want of moisture. While the crops are not as suffering, the added moisture proved very welcome.

Local Happings

OF LOCAL INTEREST
 Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are accounted by the Standard. Phone 17 or 18

Strathmore "Big Bears" Trail Ranges fell a prey to the "Grey Eagles", of Chedoke, in a good game of baseball at Chedoke Saturday afternoon. However, the home lads had won in two previous encounters and so still have the edge. Chedoke had on their batting tour Saturday, and scored six runs in the second inning. But they were out of the game in the third. Garret, Van Tighem, and company started to hit and run. The final score was 12-9.

In last issue we reported that Constable and Mrs. Hale were the proud parents of "twon boys". This was incorrect, as Mr. and Mrs. Hale's family was only increased by one son.

The Strathmore golf course is now in great shape. Mr. J. Glenn, who has been putting the course in order during the past few weeks is to be congratulated on his work. Many who aspire to become experts at golf are benefiting greatly by his instructions.

The blue bushes at the C.P.R. Dept. Natural Resources are in full bloom, and present a very lovely appearance.

Mr. Pattmore, our local baker, reports a rushing business since moving to the B. C. Cafe on Main Street. The Cafe has been repainted and looks fresh and clean. Mr. Pattmore expects to serve tea and icecream shortly.

The Wania Club met at the home of Mrs. Douglas French on Tuesday last. It was decided to hold an invitation dance in the Dining Room of the Memorial Hall on July 4th as a fitting close to the club's activities for the season, and until the commencement of the school term in September. After the business, a social evening was enjoyed, followed by a dainty lunch served by the hostess.

A number of Strathmore youths visited Rockyford on Saturday evening and report "some time."

Mr. Cecil Lambert visited his parents over the weekend.

GOAL LOCATION SOLD
 Many real mine locations in the province of Alberta have lately been bought up by British interests, who have had their agents touring the coal fields of the province lately.

Grand Recital

Under the auspices of the Ladies Aid of the Sacred Heart Church.
 Heintzman Concert piano used.
 Miss Sallie Spillard, accompanist.

ADMISSION --- 75c

Say!

If you've got any friends about to get hitched for the price of a license and free feed for the minister, don't let them read this column. It's about —NEWLYWEDS! (Twentieth Century Special)

You know, along about this time of the year, there are a lot of young couples spending anxious moments reading the newspaper ads on "How to furnish a home on \$10 down and going without one meal a day." It's easy—for the furniture dealer. For the groom—not so good.

You see, the trouble nowadays is that every old maid or confirmed bachelor procures too much of the old time—"two can exist as cheap as one." Whoever the bride was who coaxed this line must have had his fingers crossed when he said it. Probably was holding his breath too at the time. Two can exist all right—but that's about all. The air is free. And that's the only thing they're not charging us for—YET.

But—getting back to those embury newlyweds. Having chosen the furnishings for that prospective kitchen etc. love (777) cell and building all castles in the hope some rich uncle will graciously turn up his toes so that the butcher, grocer and landlord won't bother them—the prospective Mr. and Mrs. patiently await the merry—ha—ha—month of June.

The wedding. Uncles, "dutch" uncles, old maid aunts, cousins, brothers, sisters, the dog, the cat, and the curate assemble in the parlor to help start the young couple on the road to bills, collectors and tarnished wages. What a happy thought. The minister does his stuff—the bride piping up "I do."

OBITUARY

The death of Ida Endora Cormack 4 months old daughter of Mr. and Mrs. James Cormack, occurred at her home east of Strathmore early Friday morning, of erysipelas. The funeral which was largely attended was held at the Strathmore Union Church on Saturday afternoon at 2 o'clock, conducted by the Rev. Mr. Garden of Rockyford, Interment in the Strathmore cemetery. The Ankenstall school children acted as her Pall bearers.

CARD OF THANKS

I wish to thank all the friends and neighbors who so kindly assisted me in many ways, and for the beautiful flowers and kind wishes sent me while at hospital in Calgary. I am truly grateful for the christian spirit accorded me, a comparative stranger in this vicinity.

MRS. LOUIS SMITH

do" and "I will" in a falsetto voice while the nervous groom nearly crumpled his Adam's apple trying to tell the world the same thing.

The young lady's dad stands there beaming on the proceedings with a silly pretended grin on his face but awfully hot under the collar because the wedding guests knocked the bottom out of his bank account. So far as he is concerned—he's thankful that such activities don't happen every month.

Ma sits there, nothing-thinking her daughter might have done better by marrying the rich son of Blankville's leading shoe horn maker. And here daughter's gone and quipped. Ma's chances of getting up in high society by marrying this brass works Rouser.

No wonder Ma sob.

After the wedding feast, the couple set forth on their honeymoon. Every body stands at the door to speed them on via the customary benedictions of breakfast food and old shoes. And Ma is so happy the agony is all over he forgets to take his foot out of one of his shoes in wishing the bridegroom a fond farewell.

Honeymoon over. Every dollar goes back to the brass works for Mr. Newlywed. And back in the kitchen Ma's new aunt, tells the bride. First night's dinner—cramb biscuits, burnt steak and spinach coffee. And so their married life continues. Happy sometimes, but—wilt a bit of rough spots too.

Guess we've said our part. If friend wife ever reads this, we'll be giving a new rolling pin.

SUMMER VACATION

A neat little pamphlet has been prepared by the Canadian Pacific Railway with a view to assisting the public to plan their summer vacation trips. A large number of summer excursion fares and sleeping car fares are quoted in it.

The Company has also issued a compact pocket folder regarding the "Trans-Canada Limited", the fastest train across Canada giving schedules and other information.

A copy of either or both of these will be gladly furnished to any one upon application to the Canadian Pacific Ticket Agent.

C.M.R. IN BETTER STANDING

A betterment in the net operating revenue of the Canadian National Railway of approximately seventeen million dollars, and a decrease in the net deficit after allowing for all fixed charges of approximately six millions have resulted from the first full year's management of the consolidated system by Sir Henry Thornton. In addition there has been a slight reduction in the nine million dollars deficit of the Canadian Government Merchant Marine, largely due to the sale of four vessels of the fleet, and to the curtailment of certain of the non-profitable services.

TAXATION REDUCTION \$28,000,000

The Budget of 1924, James Robb improved as it goes along. In Committee of Ways and Means it has been admitted that the Acting Minister of Finance was too modest in his original estimates. He estimated a reduction of thirty millions in the net debt for the past fiscal year; as a matter of fact the actual reduction, because of government economies, has been thirty five millions. The reduction in the taxation of the Canadian people through decreases in the tariff, and the Sales Tax, were originally estimated at 24 millions; as a matter of fact they will be over twenty-six millions. And to this must be added another two millions through reductions in the income tax. In concurrence with representations made by Robert Porter, Progressive Leader and others, the Sales Tax has been abolished on windmills, horse-power and traction engines for farm purposes, cattle, calf and hog feed and engines for fishing boats.

GOVT. INSPECTION OF BANKS

Home Bank matters have again featured during the past week. The Royal Commission under Mr. Justice McKeown has continued its preliminary investigation with respect to government responsibility for the failure of the institution, and will submit its initial report at an early date. The Banking and Commerce Committee has been sitting steadily for the past week or so, and as a result of its deliberations, Hon. James Robb, acting Minister of Finance has declared that the government will shortly submit a draft bill providing for some measure of government inspection or supervision of banks. It is the desire of the government that bank depositors shall be safeguarded in the future to the fullest possible extent.

SELF-PRESERVATION NOT BARRED

To the multiplicity of enquiries, leads and parliamentary inquiries into the Home Bank, there was in process the past week still another. It is Robert Porter, Conservative Member in West Hastings, rose to his place on his responsibility as a member, and accused Hon. James Munk, Minister of Labour, of a violation of his oath of office, in that he had acted upon knowledge gained in Cabinet Council and withdrawn four thousand dollars of his savings from the Home Bank two days prior to its failure. The charges were referred to the Standing Committee on Privileges and Elections. The Committee met on Wednesday and Mr. Porter demanded the calling of a list of witnesses. William Gorman, of Welland, read the oath of office, and at the conclusion of his reading it was evident to all present that there was nothing within its four corners which the Minister had violated in any degree. The oath of office enjoins absolute secrecy as to Cabinet deliberations, but says nothing at all about the using of information for purposes of self preservation. Mr. Porter was asked to more clearly define his charges, but declined to do so. The committee, however, decided that his witnesses should be called.

The Trench Silo

The increasing attention given to mixed farming and consequently to the keeping of live stock, necessitating as it does a plentiful supply of fodder, has led to the trial and adoption of the trench silo, as a substitute for above ground and pit silo construction. The trench silo consists simply of an excavation in which the cut up corn or other ensilage crop can be placed and consolidated. It is and which, when excavated can be made to hold the season's water supply, it has been found comparatively easy to provide these requirements at a minimum cost.

The superintendent of the Dominion Experimental Station at Swift Current, Saskatchewan, describes in his report for last year a trench silo having a capacity of 150 tons. The dimensions given are 30 feet long, 9 feet deep, and 14 feet wide. The excavation is so located and designed that the silage may be taken from it with a horse and stone beat, and fed to cattle in nearby corrals. Almost the entire work was done with teams and scrapers, hand work being required only to smooth down the sides, which are practically perpendicular. In the process of excavation, both ends were sloped so as to allow the teams hauling the plough and scrapers to go in and out without difficulty. When the trench was nearly finished, one end was dug down almost straight, leaving the other as a sloping exit. By using a fourteen foot chain attached to the plough and by turning the plough on its side, or nearly so, it was found possible to get the walls perpendicular with very little hand digging. A certain amount of the excavated material was left on the bank around all sides of the excavation, including that end used as a driveway, so that surface water would not flow in. The roof of cross poles, wire and straw was constructed so as to shed the water beyond the edge of the bank. The total cost of the excavation and roof was less than \$1,000, and was made up of 150 hours manual labour at thirty cents an hour; 240 hours horse labour at ten cents an hour, and wire and straw for the roof valued at \$26. The observation is made by the superintendent in his report, that an upright silo of the same capacity would not only cost from five to seven times as much for construction, but was more expensive both to fill and to empty.

RECORD LANT SHIPMENT

The largest shipment of bedding plants in the history of the west was handled last week by the Canadian National Railway from St. Paul, Minn. to Brandon, Man. The shipment was made up of 50,000 tomato and flower plants and occupied an entire car.

SENATE KNIFING THE C.N.R.

The Conservative opposition in the Senate, which last year killed the Canadian National Branch Line Bill on the pretext that it was a "blanket measure" which they could not amend, has adopted new tactics with respect to the series of bills presented by the government during the present session. The three-year programme call for an expenditure, mostly in the West, of about 29 million dollars. It secured the sanction of the Commons; it is now before the Senate Railway Committee. And the somewhat preposterous proposal has been made by Sir James Loughheed, and other Conservative Senators that each bill shall be subjected to expert testimony, and that the Canadian Pacific Railway, the competitor of the Canadian National, shall be called upon to pass upon each and every branch proposed and to say whether it is necessary or not. Each Branch Line Bill is being vigorously criticized and fought in the Senate Committee. The question of branch lines, or the abolition of branch lines, has been brought again into the House and the foes of public ownership are openly declaring themselves.

FISH HATCHERY RECORD

The Kenora fish hatchery has made another very creditable record during the season for hatching whitefish, producing a total of \$5,000,000. Of these \$2,000,000 were deposited in the Lake of the Woods and the 2,500,000 in Eagle Lake. In addition, 125,000 salmon trout were hatched and placed in Clearwater Bay and Whitefish Bay.

Service

This wide awake store is constantly seeking out new ways of giving you a service that is all the word implies

At a considerable expense, we have engaged the services of Dr. Scholl's Foot Expert, who will be here on—

FRIDAY and SATURDAY,
June 13th and 14th

This expert will work with our regular Practitioner and suggest to you, after examining your feet, the quickest and most economical way of having foot efficiency.

Anyone can sell you a pair of shoes. Whether they are just the shoes required for your feet, whether they are stylish and, at the same time, comfortable, involves the question of service.

If you suffer from any foot ailment, from a tiny corn to the most aggravated case of flat foot, you are sure to find immediate relief and permanent correction by taking advantage of this opportunity. Delay only aggravates foot troubles. Make it a point to take advantage of this opportunity.

Foot Examination Free
Not necessary to remove shoes

SWISS GUIDES FOR JASPER

Two Swiss Alpine "climbers" have arrived at Jasper Park Lodge to act as guides to the tourists who want to see the sights of the Rockies in Jasper National Park and Mount Robson Park. They are Alfred Strich and Hans Kohler, both born mountaineers, and are engaged by the Canadian National Railways.

Golf Notes

The mixed foursome which is to be played on Wednesday evening, June 12th, at 8:30 p.m., is being looked forward to with great interest, and members who have not as yet arranged their games may get to Mr. Foote or Mr. Hildy for partners and opponents.

The ladies' captain, Mrs. Hildy, is presenting a prize for the best gentleman's score, and the men's captain, Mr. Foote, is presenting a prize for the best lady's score.

Handicaps are arranged so that all may have equal chances.

The game will be followed by a bonfire, refreshments and singing, and the ladies and all members, and attending members are cordially invited to take part in the competition and following picnic, but only those whose fees have been paid by June 16th will be eligible to receive prizes.

The following programmes for the season's play have been presented by the captains of both sections:

Men's Club Fixtures
June 15—Handicap competition for balls. (No entrance fee).
June 18—Mixed foursome, 12 prize.
June 29—Team match, President vs. Vice-Pres. (by holes).

Ladies' Section Club Fixtures
June 21st—Qualifying round for club championship. (medal play).
September 7—1st round for club championship and consolation flights.
September 14—2nd round for club championship and consolation flights.
September 21—3rd round for club championship and consolation flights.

October 8—Team match, Captain vs. Vice-captain. (by holes).
October 12—Mixed foursome for prizes.

Ladies' Section Club Fixtures
June 14—Team match, Captain vs. Vice-captain. (by holes).
June 18—Mixed foursome for prizes.
June 21—Monthly handicap competition. (for balls).
June 28—One club competition.
August 20—Qualifying round for club championship. (medal play).
September 1 to 6 inclusive—1st round for club championship and consolation flights.
September 8 to 12 inclusive—Semi-finals.
September 14 to 20 inclusive—Final games for championship cup and consolation medal.
September 27—Team match, President vs. Vice-president. (by holes).
October 12—Mixed foursome for prizes.

WILL MEMBERS PLEASE TURN IN RE CARDS AFTER GAMES?

Gleichen Wins Basketball Game

Gleichen vs. Strathmore

On Saturday last, the local High School pupils were hosts to the High School basketball and basketball team from Gleichen.

At 5 p.m. the girls played their game on the local school grounds. The game was the essence of action from start to finish, but was remarkably free of rough tactics. Both teams showed a keen desire for good combination and observance of the rules.

Gleichen showed superiority, both in defense and scoring, and deserved victory. However, the play was certainly not one-sided, and the Strathmore girls, with further practice, will probably reverse the score in a later game.

The score ended 16-6 in Gleichen's favor.

Miss Duckert ably refereed the game.

Baintree Sidelights

Say! Say! This irrigation is the biggest thing in this world. All you get to do is to sit and wait for the water to come. After you have flooded all the roads in your district you can go home and tell your wife what a hard day's work you have put in. Am that right?

If you get tired of your sweet-heart kissing you two months, don't be so foolish enough to tell her. Use a little diplomacy and raw onions.

On May 21st Bill Turner finished the irrigation of his wheat. Atta boy, Bill! All the world loves a hustler. How about giving us a hand?

For the purpose of kidding J. J. Baintree, a social occasion will be held in the school house on Wednesday, June 12th. You are cordially invited to attend.

We regret to report that Mrs. P. Collier, suffered a severe relapse, and was removed to the Rockfield hospital for further treatment.

A gentleman writing from Edmonton wants to know how it feels to be Scotch. To answer this question is like finding a dime. For breakfast take one peck of oatmeal and two glasses of Scotch. If your condition does not improve under this diet try a bath. No charge at all, Jerry; we'll be ways at the service of our friends.

Last week a fellow scribbled advised us to use a spotlight instead of present goggles. No thank you, friend, spotlights are very fine for those who use them, but they only dazzle the onlooker.

The "Beards" are in a very peculiar condition. Five of them have joined the "No Yok Dwarfs" and the balance of the team have gone over to the "Chicago Pinktoes." Only the treasurer is left. That's us, but unfortunately there is no treasury.

Some time ago we had the pleasure of attending a social meeting, and one part of the programme filled us with delight. At the conclusion of the entertainment, everyone in the hall rose to their feet and sang with right good will, "God Save the King." Keep it up good folks, never mind the sibes of irresponsible people. When you hear the head of the nation, you are doing honour unto yourselves. Don't be afraid to wave the old flag! There is none better. It is respected in every place where the wind blows! It is feared by those who seek to destroy the rights of the Empire citizens. It is silent only will protect you in the stormy parts of the earth. Throw it to the breeze once more! See what it represents. It is the emblem of liberty, civil trial, and freedom of speech. It is the standard of the breeds, who for centuries have shouldered the white man's burden, and peopled the byways of the globe. In it is the spirit of the man who at Runnymede wrestled from John that priceless document called Magna Charta. Honour and love it, cherish and guard it. Protect it from insult and harm. Yes, God Save the King.

Ladies, and friends, we beg to inform you that our life long friend has departed from this vale of tears. Death was instantaneous and simultaneous. A post mortem examination revealed that the good had died from the want of breath. Such was the verdict pronounced by the jury, but we cannot believe it. In our opinion, her exit was caused by reading in the press an old story about a penny and a Scotchman's finger. The pet nanny had heard it at xmas tree entertainments for a num-

Cheadle Notes

Mr. Meade, who has been visiting Mr. Bickie, returned to Calgary Saturday.

Dick Kaye returned home from Calgary Saturday, after spending several months taking electric treatment for his injured arm and shoulder.

The ladies club had a big meeting on Thursday, the 6th, and also a big ice cream social and dance on the 6th, at which there was a large crowd. Mr. Bickie held the lucky ticket for the quilt, which was a beauty. Yes, and so was the young lady!

Mr. and Mrs. Harry McKenzie are visiting for a few days at Chokos with Mrs. Robbins.

The Cheadle Trail Rangers beat Strathmore Rangers Saturday afternoon at baseball. The score being 12-9.

Cheadle U.F.A. held a meeting on Tuesday, the 3rd, at which there was a good attendance. They ordered a car of wine at the meeting.

ber of years, and she also enjoyed it when it was published in the "Side-light" over a year ago. Being Scotch, we retained her hide and horns for tobacco money. The rest of her remarks were laid to rest under the shelter of a weeping willow tree. On a piece of plank we wrote this sad epitaph.

Beneath this board lies Scotty's goal, no more she sought to linger. Gone to rest and gone to hope gone to find the coin and finger.

Kind friends, this is the end of the last chapter! The sidelights are dimmed for ever! This is our last farewell. So long, Gays, Goodbye, Ladies.

Rockyford Locals

The Alpine Bible Class, of Tudor Sunday School, enjoyed a very happy evening on Thursday, June 1st, at the home of Mr. and Mrs. S. W. Schaffer. For some months the class has been putting on a membership drive in two groups, the "Reds" and the "Whites". The "Whites" gained the largest number of new members, 10, it falls to the "Reds" to furnish a banquet. After an interesting toast list was heard and responded to Mr. Fred Schaffer expressed the appreciation of the young people to Rev. Mr. Garden for the help he had given them during his term in the pastorate, and expressed the regrets of all that his stay was nearly ended; and on behalf of the class presented Mr. Garden with a beautiful reading lamp as a token of their appreciation. In thanking the class for this token, Mr. Garden spoke of the real joy that he had in working with the young people of Tudor. The balance of the evening was spent in music, songs and stories.

The Tudor Sunday School and Church will be held on Sunday, June 15th, at the home of Mr. and Mrs. C. A. Brown, at 2 p.m. The Rev. M. T. Johnston, of Nightingale, will speak at this service.

On Tuesday evening, June 17th, the young people of the Union Church are holding a straw-dance festival in the Union Church tennis courts. Proceeds go towards completion of courts. Mrs. Jas. Black left last week for Edmonton, to spend a month with her parents.

The baseball club is journeying to Calgary for a return game with the Calgary Athletics next Saturday. Chaplanguis is here. Everybody is enjoying the performances.

Everybody should come to the Chautauqua, and also enjoy the baseball dance Thursday evening following the last performance.

Miss Ellen Gavin is spending the week with her aunt at Hanna.

Third Annual Piano Recital

By the Pupils of the Rev. Fr. Boltz
Music lovers of Rockyford will be afforded a delectable treat at the annual piano recital to be given on Thursday evening, June 13, in the Union Church, at 8:30 p.m. by the music class under the instruction of the Rev. Father Boltz.

Some of the clever little artists will appear brilliant as usual not only in solo work, but also in two piano work. Mae Birt will interpret a Clementi Sonata, playing first piano with Father Boltz accompanying at the second piano. Sallie Spillard will play a beautiful waltz from Chopin, and will make her exit in solo work for Rockyford with the very entrancing and difficult number from McDowell, the famous "Witch's Dance". Miss Spillard took up on Los Angeles in July to take up further musical studies, and if her good work continues more can certainly be expected from this talented artist. Rockyford is not only on the map athletically through the baseball nine, but it is decidedly on the map musically, both in the instrumental and vocal lines.

Miss Sallie Spillard is spending a few days with her parents in Calgary.

Some alterations are being made in the local hotel, prior to the opening of the new beer room.

The Tennis Club have arranged for a tournament with the Drumheller club here on Sunday next, June 15. Golf enthusiasts have been taking advantage of the good weather to get in shape to play a tournament with Strathmore.

The students of the higher grades gave an interesting entertainment in the Masonic hall, where their parents were the guests of honor.

Rosebud Notes

Saturday night's impromptu dance drew quite a crowd, and the numerous young folks who gathered in the hall seemed to be having the time of their lives. Mrs. James Grant and Messrs. Engstrom and Hymas provided splendid music.

Mrs. F. W. Schultz and son, Walter, also Mr. Chas. Schultz and family, are expected to arrive in Calgary on Thursday, enroute to Rosebud. Mr. Schultz and Edgar will go to Calgary on Wednesday to meet them.

Mr. and Mrs. A. E. Vigar were visitors to Calgary last week.

The Forker family are expecting Miss Iva Bishop to visit them. Miss Bishop has been teaching in Charlie, Montana, for two years, and will spend a week here before going to her home in Kansas.

Do not forget the District Association meeting to be held in Standard on Sunday next, June 16th.

Miss Isabel Cogg, who has been ill in Calgary for some time has returned to Rosebud and resumed her class in Rosebud school. The children are very busy preparing for their exams.

If anyone is looking for someone to brand calves, they might ask Edward Forker and Earl Barlow. We understand they are making great progress having branded three during the last three weeks. Edward is also quite a landscape artist, as his sister Helen will testify, she having enlisted his help in painting the kitchen floor. Helen is still trying to make out the design.

BROUGHT LAW AND ORDER WHEN MISTRUST RULED

Canadians, particularly in the East, all too easily forget landmarks in the life of the historical Royal North West Mounted Police. It was in 1874 that agitation amongst missionaries and traders in the Great West led to the establishment by the Dominion Government of that force. After the cession of Rupert's Land by the Company of Gentlemen Adventurers. Trading into Hudson's Bay, the present warlike provinces were for a time the paradise of smugglers and murderers.

Canada east of the Great Lakes was appraised of conditions through letters written by George McDougall, the veteran missionary, endorsed by Hardisty and other public spirited officers of the Hudson's Bay Company, and in the summer, fifty years ago, occurred that spectacular march of the Mounted Police from Fort Gary to the Rockies, and even that inaugurated an era in which the Indian could behave and the settler settle without fear or molestation and creeds.

BUY YOUR TICKETS LOCALLY

When making a trip to some distant point you should buy your railway ticket at the station here. When you go to the city to buy your ticket, you are out your fare and expenses and pay the same rate as you would here.

Buy here. Save this extra cost—and increase Rockyford Business.

If you contemplate a trip to the Old Country, all you require bringing friends from the Old Country, all arrangements can be made with the local Canadian National Station Agent, who represents all steamship companies.

Rockyford Man Is Robbed of \$50.00

A serious case of robbery with violence occurred here very early on Sunday morning, June 9. Fred C. Walton of Rockyford had dealings with a number of men in the lane back of Railway Avenue west, and had been to see them several times when it is alleged he was set upon and severely handled by them. Every time he tried to get up he was knocked or kicked down again, and about 4:30 was taken from him. He was not able to get up until the men had left, his face was badly marked and he suffered from bruises all over his body.

Five men, James Pappas, Charles Julius, William Fieger, Robert Patterson and Henry Shaw were arrested at 2 o'clock on Monday morning by Constables Jones and McKie, of the town police. They were later in the day released on bail of \$2,000 each.

—Herald, Calgary

or Inquiries.

In the celebration of such an event East and West can join with satisfaction. The missionaries brought religion, the police brought protection, and have earned the undying thanks of their fellow-countrymen of all races and creeds.

Here and There

Earnings of the Canadian Pacific Railway for the last ten days of March amounted to \$4,600,000, as compared with \$4,150,000 for the corresponding period a year ago. This is an increase of \$450,000 or 12 per cent.

Immigration to Canada during the eleven months ending February, 1924, totaled 115,129, as follows: British, 67,023; from the United States, 19,129; from all other countries, 48,976. This compares very favorably with 66,132 for the same period a year ago.

Forty pilgrimages to the famous shrine at Ste. Anne de Beaupre, Quebec, have already been arranged for June, July and August this year. Over 200,000 visitors are expected, most of them from Montreal, Toronto, Buffalo, Philadelphia, Chicago, New York and Boston.

Although it has already spent \$4,000,000 in drilling for oil in Alberta without very definite results, the Imperial Oil Limited, proposes to keep at its development campaign, so F. J. Wolfe, director of marketing for the concern, states. Already the company's \$2,500,000 refinery at Calgary has had the effect of keeping prices down, he says.

An important industrial enterprise is being added to the list in Montreal in the plant of the National Cement Company, which is being constructed in the town of Montreal East on the site of one of the largest deposits of raw material for cement in Canada. The first mill of the plant will have a capacity of 900,000 barrels per annum.

Success Begins With Saving

A Savings Account with the Union Bank of Canada will give you the right start.

By systematic saving you can lay the foundation stone of future success.

Do not wait until you have \$25.00 or \$50.00. A Savings Account can be opened with \$1.00.

Slats' Diary

SLATS — AOC mbh on m.

Friday—I have found out that kind news pays a specialty in nice clothes.

Today I went and helped a old lady clean up her back and she is a quack after the lady and seems to like nice young boys like I and the gang and she is always ready with a kind word when you do a favor for her, and most generally always ships you a dime or something or other.

Saturday—Me and Jake and Blitters all went a swimming and got a big thrill like in the moving pictures. Just as we was a quack across frays field they was a red bull got to bawling and lashing his self with his tale like lions does to make there self mad, and Jake and Blitters got so scared that we all lit out & run about six miles I guess.

Sunday—well pa got about half sore at ma today. He went up stairs after he had been a washing the foot oil and he found ma going thro his pocket. He said Well what in the Sam hill are you doing. Ma said I just lefted as she threw up her head and said. Why I am just giving you close the Feminine touch. It was a pretty good joke but no accident seem to get very much kick out of it.

Monday—Ma's cuzen which is a airplane driver was here today. Pa said him didn't think it was a awful dangerous business and he said. Well I been flying now for about 3 yrs. and I ain't never had no airtal accidents yet. But as pa says he is a little if you can't tell when to believe him even when he tells the truth.

Tuesday—I seen Ted warning James pa today with I had gave her an oar neck to the last birthday. Wait till I see her, when I do they are sure kindly going to get a plenty red them. And her name said Slats' mother.

Wednesday—Pa has figured it out that they are just 2 Chaves of wine with go to church. Then with goes to see what kind of hats other women wears and then with goes to let other women see what they can afford to wear.

Thursday—Joe Hix is the laziest man in town I guess. Pa says the only reason he ever goes to work is so as he will have a excuse to go on a strike and quit his job.

SOCCER FIELD HIS BATTLEGROUND

The handsome-looking athlete whom you see pictured here, readers, is none other than Malcolm MacDonald, son of the labor premier of Great Britain. Unlike his illustrious father, young MacDonald prefers to fight his battles on the soccer field rather than in political circles where Premier MacDonald is now making history and winning the admiration of the English people.

Perhaps at some later date, young MacDonald will, figure in the affairs of the world. Just now, however, he is finishing his studies at Queen's College, Oxford. This splendid photo of him was made recently when he was a member of the college varsity soccer team—he played a hard game against the High School, Oxford team.

It shows young MacDonald's ability to bowl the hard High School goal.

FLOUR TO HONG KONG

The first entire shipment of Canadian flour has arrived in Hong Kong, according to advices received by a western shipping company. The shipment, which constitutes an installment in the history of trade, consisted of 7,000 tons of flour and was shipped from Port Colborne, Ont., making the trip to Hong Kong from Baltimore, via the Panama canal, in fifty-five days.

Government Liquor Control Act of Alberta

APPLICATION FOR BEER LICENSE

Public notice is hereby given that the undersigned intends applying to the ALBERTA LIQUOR CONTROL BOARD for a License to sell Beer by the glass, or open bottle, for consumption in conformity with the provisions of the Government Liquor Control Act of Alberta, and regulations made thereunder, with respect to the following premises:

The Strathmore Hotel, situated on lots 25, 26, and 27, Block 3, Plan 48101, in Third Street, Town of Strathmore, the proposed beer sales room being the western portion of said hotel building, with entrance from Third Street.

Dated at Strathmore, Alberta, this 20th day of May, 1924.

ROBERT INGLIS, Applicant

On Friday Night the U.F.W.A. engaged the Carleton Dramatic Society to play Deacon Dubs at the I.O.O.F. hall here. The actors played to a packed house and were applauded rationally. Great credit is due the society for the way in which the play was staged and enacted. They say "laugh and cry fat". We notice a lot of our residents are quite a little stouter since Friday night.

Don't forget the U.F.A. picnic at Shoolidge ranch on July 1st.

WOULD TRAVEL BY DOG TRAIN

Two young women of Guyana, New York, are anxious to take a trip by dog train next winter and have written the Winnipeg Board of Trade concerning the possibilities of arranging such a journey in Manitoba.
